SITE WALK MEETING MINUTES

Chairman Jim Loersch convened the site walk at 6:25 P.M. Present were Vice Chairman Ross Lally, Commissioner Jane Lonsdale, and Barbara Kelly, Agent.

The Commission reviewed the site conditions at 98 Highridge Farm Lane and oriented itself to the work proposed under Inland Wetlands Permit Application 2014-1. The proposed work is in association with the construction of a single family home, and includes grading, construction of a retaining wall, and installation of a footing drain within the regulated area. The Commission observed the condition of the silt fence, noting areas requiring maintenance. The Commission also observed the absence of E&S measures by the driveway to the adjacent lot and the resulting erosion and sediment deposits on 98 High Ridge Farm Lane.

The site walk concluded at 6:47 P.M.

Respectfully Submitted,

Barbara Kelly, Agent
