

**BOLTON INLAND WETLANDS COMMISSION
SITE WALK - RECORD
TUESDAY, OCTOBER 16, 2012, 8:30 AM**

**APPLICATION #2012-12
33 LAKESIDE LANE, BOLTON, CT
&
APPLICATION #2012-13
30 TOOMEY ROAD, BOLTON, CT**

A quorum of the Inland Wetlands Commission was not present at the noticed site walk, so a formal site walk was not convened. Official minutes were not taken, but this document provides a record.

Vice Chair Polly Silva, Barbara Kelly, Wetlands Agent, and John Pagini, Director of Community Development, were present. Beginning at 9:35AM, the group reviewed the site conditions and the location of setback lines at 33 Lakeside Lane. It also oriented itself to work proposed under Inland Wetlands Permit Application 2012-12, including demolition of the existing home and construction of a single family home within the regulated area.

At 9:05AM the group left 33 Lakeside Lane and proceeded to 30 Toomey Road.

Anne Decker, Applicant, and Eric Peterson, Project Engineer, met Vice Chair Polly Silva, Barbara Kelly, Wetlands Agent, and John Pagini, Director of Community Development at 9:15AM. Those present reviewed the site conditions at 30 Toomey Road and work proposed under Inland Wetland Permit Application 2012-13, including construction of a new driveway and utilities for a new house, as well as installation of groundwater and surface drains within the regulated areas. John Pagini described the Town's recently adopted LID regulations as they applied to the property.

The visit ended at 9:45AM.

Respectfully Submitted,

Barbara Kelly, Agent
Inland Wetlands Commission
Town of Bolton

PLEASE SEE THE MINUTES OF SUBSEQUENT MEETINGS FOR RECORD OF ANY DISCUSSION OF THESE NOTES.
