Peter Aarrestad  
Director, Inland Fisheries Division  
Connecticut Department of Energy and Environmental Protection  
79 Elm Street  
Hartford, CT 06106

Dear Mr. Aarrestad:

On behalf of the Town of Bolton, I respectfully request that DEEP not stock Lower Bolton Lake with catfish this year. We continue to work on lake quality issues and monitoring while remaining cognizant of resident concerns. Our request is based on this ongoing work and concerns. We understand that DEEP is willing to work with us to honor our request.

We appreciate the ongoing cooperation shown at all levels of DEEP staffing. Please feel free to contact me with any questions or if you require additional information.

Respectfully,

Joyce M. Stille  
Administrative Officer

C: Justin Davis, Fisheries Biologist
